

# NONPUBLIC AGENCY ANNUAL RESTRAINT/ISOLATION & CRITICAL INCIDENT SUMMARY REPORT

Please provide an aggregated summary of restraint/isolation (as defined under [RCW 28A.600.485](#)) and critical incidents\* for the past school year involving students placed at the NPA by Washington state public school districts. Attach additional pages as needed.\*\*

\* Note: A "critical incident" means, at a minimum, an incident that involved emergency personnel or crisis responders and any other critical incident as defined by the NPA that prompted notification within 24-hours to the school district.

\*\* Note: Use of this form is not required; the NPA may submit substantially similar information using its own reporting documentation.

**NPA NAME:** \_\_\_\_\_ **REPORT DATE:** \_\_\_\_\_

| Student ID# and/or Initials | WA School District | Number of Restraints | Number of Isolations | Number of Critical Incidents |
|-----------------------------|--------------------|----------------------|----------------------|------------------------------|
|                             |                    |                      |                      |                              |
|                             |                    |                      |                      |                              |
|                             |                    |                      |                      |                              |
|                             |                    |                      |                      |                              |
|                             |                    |                      |                      |                              |
|                             |                    |                      |                      |                              |
|                             |                    |                      |                      |                              |
|                             |                    |                      |                      |                              |
|                             |                    |                      |                      |                              |
|                             |                    |                      |                      |                              |
|                             |                    |                      |                      |                              |
|                             |                    |                      |                      |                              |
|                             |                    |                      |                      |                              |
|                             |                    |                      |                      |                              |
