

2025-26 Financial Literacy Professional Development Grant Application Questions

1. Please provide a project overview, explaining its immediate and sustainable impact on financial education in the district.
2. Partner Applicants/Organization(s): If your district is implementing this grant in collaboration with other districts or community partners, please identify those organizations here. This has no bearing on the application but will help FEPPP understand and better support collaborations.
3. Please list all district goals for expanding financial education that are applicable to this grant. Districts are required to have financial education goals (RCW 28A.300.467). FEPPP provides a list model goals districts can consider.
4. Please enter the estimated number of teachers who will be trained.
5. Please enter the estimated number of students who will be impacted.
6. Please explain how this grant will support financial education of historically underserved students. Provide a brief explanation of how grant activities are intended to reach student groups that have not historically been well served by financial education efforts (e.g., low-income, minority, ELL, SpEd, alternative learners). (250 words max)
7. If you are requesting more than \$25,000 (serving more than 3,333 students), please explain how this grant will engage the community. Provide a brief explanation of how grant activities incorporate resources and support from community organizations (e.g., local financial institutions) and how it will engage families and communities in support of financial education (e.g., financial education parent nights). If you are requesting less than \$25,000, please enter N/A in the text box

Please provide a proposed explanation of your spending plan for these grant funds, by category.
